

Bunting:

In my Summer Baseball Camps I stress “*Perfecting Simplicity*”, and **Bunting** is one of those skills that can be mastered by every players. However, unlike other Summer Baseball Camps, my campers have the opportunity to use the *Easton Thunderstick*, which I invented, so I can therefore tell them “*First Hand*” exactly how the bat can greatly improve their skills. The *Thunderstick* is also used in each of my Batting Stations.
